SUBMISSION OF SUBSTITUTE DECLARATION

We have received a Notice of Allowance for Claims in the above named patent application. The required issue and publication fees have been sent by Express Mail to the Commissioner for Patents, and should allow this to proceed to issue.

The inventors have informed me of their intentions concerning the appearance of the order of names on the face of the patent. Their intention is that Philippe Schmid-Saugeon should appear first, and that Avideh Zakhor should be second.

This is the order as originally submitted on the original application, as confirmed by the original Filing Receipt (copy attached).

At the time of preparing the original Declaration and Assignment, however, it was discovered that Philippe Schmid-Saugeon's then legal name was still Philippe Schmid. He was in the process of changing his name at his home in Switzerland, but this name change had not been completed. "Philippe Schmid", his legal name at the time, was therefore the name used in the original Declaration, filed as Missing Parts, and in the Assignment and on the Recordation form PTO-1595.

On the original Declaration, the order of inventors was reversed from the order as originally filed. The first named inventor on subsequent communication from the PTO therefore reflects this name order. At the time, the sequence of inventors' names was not presented as significant. Now, however, as this comes to issue, the inventors have decided that:

- 1) Philippe Schmid-Saugeon's name should appear first, and
- 2) Philippe Schmid-Saugeon's name should appear as "Philippe Schmid-Saugeon" on the face of the patent when issued.

To this end, please accept this substitute Declaration, which is in compliance with 37 CFR § 1.63. Philippe Schmid-Saugeon's now legal name is represented, and the order of the inventors' names is in accord with the inventors' intentions for the appearance on the face of the patent.

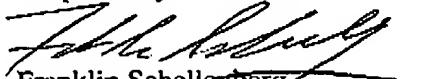

This declaration has been made after both of the inventors have reviewed the language of the claims as amended and allowed by the Examiner.

Please note that no new inventor is being added, nor is an inventor being deleted from the list of named inventors. The fees of 37 CFR 1.48 should therefore not be required. We understand that, in the case of a formal name change, a petition under 37 CFR 1.181 may be required. However, since the names are as originally represented in the first filing (see attached filing receipt), we hope that such a petition will not be necessary. Please inform us as soon as possible if such a petition becomes necessary to insure the inventor's wishes.
